

FOLLOW OUR GOOD NAME!

Welcome to the SCC-family: We are one of Europe's biggest consultancy companies in the regulation sphere, a respected partner of the chemical and pharmaceutical industry, and, for more than 160 experts from different countries, a professional home. Our passion: managing registration and approval procedures for agrochemicals and biorationals, chemicals, biocides as well as pharmaceuticals and medical devices. Our goal: to grow even further and to open up new areas of business in an international client environment. In the personal, open working culture of a family business that is focused on caring for its team. Located at the heart of the Rhine-Nahe region, alongside nature, but also right next to the vibrant Rhine-Main area.

Expand our scientific expertise as

CHEMIST (M/F/D) - REGULATORY AFFAIRS

BAD KREUZNACH

WHAT YOU CAN EXPECT

- In a team of currently 28 experts, your position will involve a great deal of responsibility and a wide range of activities
- Your specialist area: chemistry and regulatory affairs of active substances and biocidal products
- Your task: planning and coordinating the creation of dossiers for Europe-wide approval of active substances and biocidal products
- Your focus: to obtain approvals for our clients' active substances and biocidal products

WHAT WE OFFER

- Flexible working hours as well as the possibility of mobile working
- Job Bike
- Intensive on-the-job training and opportunities for personal and professional development
- An appreciative working environment
- An attractive salary with profit-sharing, bonuses and benefits (company pension plan, food allowance, etc.)
- A very good working atmosphere in a team supported by corporate events and socialising outside of work
