

FOLLOW OUR GOOD NAME!

Welcome to the SCC: We are one of Europe's biggest consultancy companies in the regulation sphere, a respected partner of the chemical and pharmaceutical industry, and, for more than 140 experts from different countries, a professional home. Our passion: managing registration and approval procedures for chemicals such as agrochemicals, pesticides, biocides, etc. as well as for pharmaceuticals and medical devices. Our goal: to grow even further and to open up new areas of business in an international client environment. In the personal, open working culture of a family business that is focused on caring for its team. Located at the heart of the Rhine-Nahe region, alongside nature, but also right next to the vibrant Rhine-Main area. Expand our scientific expertise as

ECOTOXICOLOGIST OR ENVIRONMENTAL SCIENTIST (M/F/D) - REGULATORY AFFAIRS

BAD KREUZNACH

WHAT YOU CAN EXPECT

- Your path is taking you into a team of currently 17 people – and right into our enormous diversity of projects
- Your task: assessment of ecotoxicological properties & environmental fate of substances mainly in the field of EU REACH
- Your mission: in collaboration with your colleagues, you will prepare hazard and risk assessments, evaluate potential endocrine effects, plan/coordinate studies, perform QSAR modelling and engage in various regulatory projects
- Your focus: to obtain and defend registrations for our clients' substances mainly under the EU REACH Regulation but also worldwide

WHAT YOU OFFER

- Science degree in natural sciences (e.g. ecotoxicology, environmental sciences, biology or related scientific disciplines)
- Ideally additional qualification as a certified expert in ecotoxicology
- Preferably at least 2-3 years' experience in ecotoxicology and in the sphere of EU REACH Regulation
- Ability to tackle and coordinate complex issues effectively
- Confident using of computer software, current office programs and preferably IUCLID/CHESAR/REACH-IT
- Talent for organisation, goal orientation and awareness of timelines
- Strong communication and presentation skills in German and English

WHAT WE OFFER

- flexible working hours as well as the possibility of mobile working
- Job Bike
- intensive on-the-job training and opportunities for personal and professional development
- an appreciative working environment
- an attractive salary with profit-sharing, bonuses and benefits (company pension plan, food allowance, etc.)
- a very good working atmosphere in a team supported by corporate events and socialising outside of work
