

FOLLOW OUR GOOD NAME!

Welcome to the SCC-family: We are one of Europe's biggest consultancy companies in the regulation sphere, a respected partner of the chemical industry, and, for more than 160 experts from different countries, a professional home. Our passion: managing registration and approval procedures for chemicals such as agrochemicals, pesticides, biocides, etc. Our goal: to grow even further, in an international client environment. In the personal, open working culture of a family business that is focused on caring for its team. Located at the heart of the Rhine-Nahe region, alongside nature, but also right next to the vibrant Rhine-Main area.

Expand our scientific expertise as

SENIOR ENVIRONMENTAL SCIENTIST (M/F/D)

BAD KREUZNACH

WHAT YOU CAN EXPECT

- Your path is taking you into the department "Biocides" into a team of currently 25 people – and right into our enormous diversity of projects.
- You will lead a team of currently 4 people.
- Your task: with your team you will assess data on environmental fate and behavior and ecotoxicity of active substances and biocidal products.
- Your mission: in collaboration with your colleagues you will prepare environmental exposure and risk assessments, plan/coordinate studies and leading various regulatory projects.
- Your focus: to obtain approvals/authorisations for our client's active substances/biocidal products in the European and global markets.

WHAT WE OFFER

- Flexible working hours as well as the possibility of mobile working
- Intensive on-the-job training and opportunities for personal and professional development
- An appreciative working environment
- An attractive salary with profit-sharing, bonuses and benefits (company pension plan, food allowance, etc.)
- A very good working atmosphere in a team supported by corporate events and socialising outside of work (currently only limited possible because of the corona pandemic)

Do you thrive on challenging projects in an interdisciplinary team of ambitious professionals? Then apply online via the link below!
