

FOLLOW OUR GOOD NAME!

Welcome to the SCC-family: We are one of Europe's biggest consultancy companies in the regulation sphere, a respected partner of the chemical, biotechnological and pharmaceutical industry, and, for more than 160 experts from different countries, a professional home. Our passion: managing registration and approval procedures for chemicals and biologicals such as agrochemicals and biorationals, biocides, etc. as well as for pharmaceuticals and medical devices. Our goal: to grow even further and to open up new areas of business in an international client environment. In the personal, open working culture of a family business that is focused on caring for its team. Located at the heart of the Rhine-Nahe region, alongside nature, but also right next to the vibrant Rhine-Main area.

Expand our scientific expertise as

SENIOR TOXICOLOGIST (M/F/D)

BAD KREUZNACH / BERLIN / REMOTE

WHAT YOU CAN EXPECT

- Your path is taking you into a team of currently fifteen toxicologists with a focus on plant protection products – and right into our enormous diversity of projects.
- From the beginning, we will hand you responsibility for concrete approval projects as well as for leading the colleagues involved and taking care of our international clients.
- Your task will be planning and coordinating the creation of regulatory dossiers/toxicology section for Europe-wide approval of active substances and plant protection products with your colleagues – in close dialogue with the industry, authorities and research institutions.
- You will prepare state-of-the-art toxicological hazard assessments, risk assessments and expert statements, evaluate potential endocrine effects, plan/coordinate studies and engage in various regulatory projects.
- Your focus will be to obtain approvals for our client's products in the European market.

WHAT WE OFFER

- Flexible working hours as well as the possibility of mobile working
- Job Bike
- Intensive on-the-job training and opportunities for personal and professional development
- An appreciative working environment
- An attractive salary with profit-sharing, bonuses and benefits (company pension plan, food allowance, etc.)
- A very good working atmosphere in a team supported by corporate events and socialising outside of work
